47616-DSF

Voice, Data, and Video Distribution

UPC Code: 07847720005

Country of Origin: United States - **Eligible for ARRA funded projects*

made in USA

May include one or more globally sourced components.

Brand Features

The DSL Filter Board, designed to fit into any Leviton Structured Media enclosure, separates the DSL portion of an incoming telephone signal prior to distribution throughout the home, eliminating the need for a micro-filter system at each wallplate. Available as an expansion for Leviton's Pre-Configured Structured Cabling Panels, or as a stand-alone module on an ABS plastic bracket.

Item Description

DSL Filter Board

**Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
