

438-2X EZ Reach™ 25' Steel Fish Tape

Thin, low-profile design to easily fish wire.

Whether you need to fish under carpet, through insulated walls, or above ceilings, the 438-2X EZ Reach™ Flat Steel Fish Tape is perfect for fishing voice, data and video wire in offices and private residences.

The flat tape design with the hole through the tip ensures that the wire will stay fastened to the tape while fishing.

And, with the 25' (7.6 m) long fish tape your reach is extended and can go where traditional tapes can't.

Once you're ready to pull your wire, just rewind the tape by using the hand crank. With the EZ Reach™ Flat Steel Fish Tape, it's both faster and easier to get the job done.

PRODUCT FEATURES

- **Thin, low-profile design** to easily fish under carpet, through insulated walls, and above ceilings.
- **Hand crank** for easy rewinding.
- **High Impact** construction for long life.
- **Large handle grip** for greater user control.
- **25' (7.6 m) long**, extending your reach where a traditional fish tape can't.
