

EtherSeal Modular Plug Kits and Cable Assemblies

Category 6 Modular Plug Kits

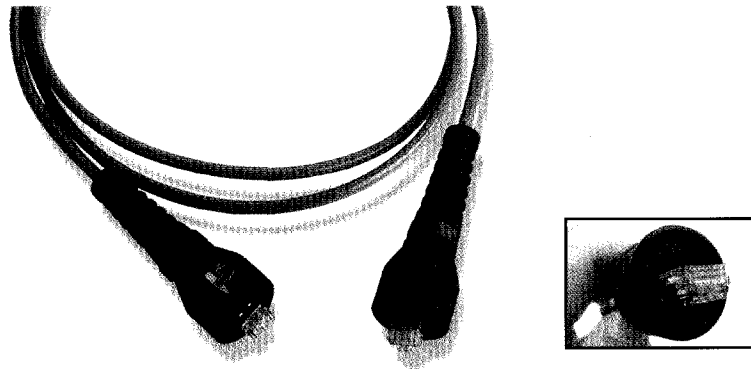

Description	Figure	Part Number
Modular Plug Kit	Category 6 Unshielded A	Solid 1479682-2
		Stranded 1479683-2
	Category 5e Unshielded B	Solid 1479583-2
		Stranded 1479584-2
Category 5e Shielded C	Solid 1479585-2	
	Stranded 1479586-2	
Modular Plug Cap	D	1479592-2

Product Facts

Meet or exceed TIA and ISO component performance requirements
 IP67 Compliant
 Available for Shielded and Unshielded Systems
 Available for solid and stranded cable
 Push-On and Twist Off Mating Action
 Blind mate with Polarized Keying
 Tactile feedback confirms fully mated
 Optional Plug Cap with available tether
 Category 6 Modular Plug Kit can be used for either shielded or unshielded applications.

Category 5e Patch Cables

Product Facts

Meet or exceed TIA and ISO component performance requirements
 IP67 Compliant
 Utilizes EtherSeal, industrial grade Cat 5e cable
 Factory-terminated and tested for quality
 Both EtherSeal to EtherSeal and EtherSeal to standard modular plug versions available
 Push-On and Twist Off Mating Action
 Blind mate with Polarized Keying
 Tactile feedback confirms fully mated
 Optional Plug Cap with available tether

Description	Part Number
EtherSeal to EtherSeal	Unshielded 1479601-X
	Shielded 1479603-X
EtherSeal to Standard RJ-45 Modular Plug	Unshielded 1479602-X
	Shielded 1479604-X
Modular Plug Cap	1479592-2

X= Denotes length in feet: -3 = 3, -5 = 5, -7 = 7, 1-0 = 10, 1-5 = 15
