

E-MCR-05

12-slot Media Converter Rack

Flexible Design for Growing Networks

Simplify your installation of Transition Networks' stand-alone media converters with the Media Converter Rack. This 19" rack-mountable unit supports up to twelve media converters while the unique design allows for multiple connections, consolidated into a single device, making network connections easier and more efficient.

Space Saving Design

This device is powered by a single internal universal power supply; eliminating the need for the multiple power connections often associated with multiple converter installations. The unit saves space in the wiring closet by providing a means for mounting 12 converters in 3 units of rack space while reducing the number of wall outlet power connections required.

Convenience

The media converters are hot-swappable. They can also be removed from the rack, powered externally, and used as stand-alone units in new applications as your network needs change in the future.

Cost Effective

Easily rack mount the single-wide, 12 volt powered, Transition Networks' media converters that you already own, or buy stand-alone units today and rack mount them in the future.

Includes

12 universal rack mount media converter brackets.

Specifications

| | |
|-----------------------|---|
| Dimensions | Width: 17.0" [432 mm] Depth: 15.0" [381 mm] Height: 4.75" [121 mm] |

RMS19-SA4-01

4-slot Media Converter Shelf

Space Saving Design

Save rack space in low density deployments: 19-inch rack mount, 1RU high.

Flexible

Mix and match up to 4 Transition Networks stand-alone media converters (excluding double-high models).

Non-power Design

Don't pay for power supplies twice. This low cost design allows the use of the power supplies that ship with the media converter.

Power Cord Tie-Downs

Eliminates the accidental disconnection of power supplies from the media converters.

Converter Mounting Brackets

Securely mounts the converters to the shelf.

Includes

4 universal rack mount media converter brackets.

- ▶ Rack mount up to 4 stand-alone devices in one convenient un-powered shelf.
