

Mighty Mo Air Grille, 24" x 24"

OR-MMAGCT2424

Mighty Mo Air Control products significantly reduce cooling requirements by creating a physical separation between the cold and hot air. They provide a contained supply of cold air to equipment, dramatically reducing active equipment energy consumption.

features & benefits

- **The Air Grille is a vented ceiling tile that is installed above the hot aisle:** Allows the hot exhaust air to pass into the plenum instead of recirculating through the equipment room.
