

2U fiber patch panel for raised floor installation within floor box

OR-RFPA02U-A

2U fiber patch panel for raised floor installation within floor box, for use with 56-60 degree angled mounting rails, holds 6 adapter panels

features & benefits

- **Fiber patch panel for underfloor installation:** Allows data center manager to take advantage of underutilized space beneath raised floor.
- **19" wide, 2U height:** Accepts up to six standard Ortronics adapter panels and 1U Momentum cassettes.
- **Designed for installation within 2' x 2' underfloor box with fixed 45 degree angled mounting rails:** Angled mounting brackets result in horizontal patch panel orientation.
