# MAX® FACEPLATES - US

The MAX series modular faceplates combine high capacity with aesthetic enhancements that provide a fresh new look to match today's technologies. The faceplate offers pressure-release designation label covers which eliminate the need for a probe-pic or screwdriver when installing faceplate labels. The faceplates are designed to be used with the angled or flat MAX modules. Its durable finish masks minor scuffs that may occur during daily usage. The single gang faceplate can support up to six MAX modules and the double gang can support up to twelve MAX modules.
Sheets of designation labels can be ordered for use with printers
