

Product Cut Sheet

LARGE HORIZONTAL RING PANEL

Used to organize horizontal cable runs. Our rack mounted ring panel is big enough to handle most cable management jobs. Large 6" wide x 2.8" high heavy duty aluminum rings with rounded edges protect cable sheaths and will not bind during installation. Rings are bolted onto panels so they can be added or removed as needed. 19", 23" and 25" wide rack panel options come pre-assembled with seven equally spaced rings.

- 6"W x 2.8"H heavy duty aluminum rings
- Rounded edges protect cable sheaths
- Rings can be added or removed as needed

A 3.47" (88.1 mm)
B 6.00" (152.4 mm)
C 2.85" (72.4 mm)
D 0.56" (14.2 mm)

Part Number			Color
19"	23"	25"	
11564-119	11564-123	11564-125	Gray
