COYOTE® MPC (Multi-Purpose Closure)

**Film available at
www.preformed.com**

The COYOTE MPC is the latest product to the COYOTE Fiber Optics family to focus on the MDU environment. The new closure system provides a flexible platform to address the multitude of applications that exist in residential and commercial FTTx installations. The closure's styled exterior and neutral color allow it to blend with the surroundings but, good looks aren't everything, as the MPC is also highly functional.

The MPC is constructed of durable, UV stabilized, flame retardant (UL 94-5VA) polymer to permit interior or exterior applications. Eight cable entrance ports around the closure exterior accept an easy-to-use grommet system and standard commercially available fittings. The closure's interior can be configured to address slack storage, splicing, cross connect, hardened adapter applications or any combination. Pre-terminated configurations are also available to minimize the amount of labor required during installation.

The MPC is tested in accordance to elements of the Telcordia GR-771-CORE specification and offers NEMA4 performance. The MPC is manufactured in accordance with ISO 9001:2000 procedures to assure quality and is backed by the experience and field support that PLP has been noted for since 1947.

FEATURES
- Sizes: Standard: 16" L x 14" W x 4" D (41cm x 36cm x 10cm)
  Deep: 16" L x 14" W x 7" D (41cm x 36cm x 17.8cm)
- 8 Cable entrance ports around closure exterior
- Cable entrance ports are sized to accept PLP grommet adapter ports or commercially available fittings
- Easy to use grommet system – 7 different multi and single hole grommets to choose from
- Constructed with UL 94 5VA polymer compounds to provide the highest flame resistant rating
- Interior grid hole pattern allows custom organization to address your specific application
- Integrated rubber seal eliminates water entry
- Custom logo plaques available to identify your company logo – contact your PLP representative for further details

 Contact PLP for additional options

Use the following approach to define the part number required for your COYOTE MPC Pre-Terminated Cabinet.

MPC – 6 – APC – 3 – XXX

- **6** — Adapter quantity
- **APC** — Type of adapter (See table above)
- **3** — 3 defines a 3m pigtail ASM to match the adapter type and quantity. N defines no pigtails
- **XXX** — Unique number to define assembly with your custom selected accessories

Contact PLP to determine if a specification has already been defined for your configuration prior to placing your order.
