Flush Swing Handles

Flush Handles are optional for any solid, window or disconnect door that includes 3-point latching, except Voice/Data and Colocation cabinets. They are ergonomically designed to provide style and function in a low profile. The handle is die-cast zinc finished with RAL 9005 textured black polyester powder paint. Provision to add your logo is included. Handle can be installed to rotate either clockwise or counterclockwise.

Handle with Screwdriver Defeater
Enclosure security is provided by the integrated tool-to-open feature that releases the handle when rotated, allowing access to the enclosure.

Handle with Keylock
Keylock feature locks the handle to provide security for the enclosure. When the key is in the unlocked position, the pushbutton releases the handle to provide access to the enclosure. Two keys are furnished.

Handle for Padlock
Padlocking Handle provides security when using up to a 5/16 padlock. Pushbutton releases the handle to provide access to the enclosure.

Handle with DIN Profile Provision
DIN Flush Handle is provided with the option to add your DIN profile lock or to accept Hoffman DIN profile lock PDKL (order separately).

Flush Bezels   A-T-O

Bezel with Insert
Can be used on any solid, window or disconnect door when a low-profile, tool-to-open operating mechanism is needed. Bezel is RAL 9005 textured black plastic. Provision to add your logo is included. Flush bezels are provided with screwdriver slot insert. Other key inserts are available to fit the flush bezel (order separately).

Small Bezel with Insert
Can be used in place of the small Flush Swing Handle when a low-profile, tool-to-open operating mechanism is needed. Bezel is RAL 9005 textured black plastic. Provision to add your logo is included. Small flush bezels are furnished with a screwdriver slot insert. Other key inserts are available to fit the small flush bezel (order separately).

PROLINE® Door Accessories

Small Flush Swing Handle A·T·O

Swing Handles are used on smaller doors (doors 1000 mm and less in height that have two-point latching). Handles are ergonomically designed to provide style and function in a low profile. They can be installed to rotate either clockwise or counterclockwise. The shape of the design provides aesthetic compatibility with the Flush Swing Handles. This handle includes keylocking provision, two keys, provision to add your logo and is furnished in RAL 9005 textured black polyester powder paint.
