FLUKE networks®

Fluke Networks' Gold Support ensures you always have an updated and calibrated tester and eliminates any risk of downtime.

DTX-1800 + Gold Support: For those who are committed to quality and can't afford downtime

The DTX CableAnalyzer is, without a doubt, the best cable tester on the market. It streamlines every aspect of your Cat 6 cable certification and, when properly maintained, it gives your customers complete confidence in the accuracy of the results.

To help you stay on top of your maintenance needs, Fluke Networks offers Gold Support. Gold Support is a comprehensive maintenance and support program for DTX owners like you that cannot afford downtime and are most committed to maintaining their Fluke Networks equipment to the highest standards.

Gold keeps your unit maintained

- **Free annual calibration:** Includes priority calibration (<5 day turnaround), all shipping costs, and loaner unit if desired.

- **Factory refresh:** When sent for calibration, all kit components are refreshed, which means they are tested and replaced if defective, then cleaned and performance verified.

- **Free firmware/software upgrades:** Gold customers are entitled to firmware and LinkWare updates to keep their unit performing to the latest standards and are the first to be notified when new updates are available.

- **Accessory replacement:** To ensure all testing components are in tip-top shape, Gold customers receive no-hassle replacement of any standard accessory that is found to be defective or faulty.

- **Members-only training, promotions & resources:** Includes training and product discounts only available to Gold members; unlimited KB access to members.

Gold eliminates any downtime

- **Priority 24/7 tech support:** Gold customers are given access to a members-only telephone line and first-in-queue priority at any hour on any day.

- **Priority factory repair:** Should your DTX need repair or suffer accidental damage, Gold includes first-on-bench priority, all next-day air shipping costs, and a loaner unit if desired.

- **Loaner units during repair and calibration:** Delivered via next-day services if an unexpected repair is needed; also available for scheduled calibrations.
