

Fiber Optic Cleaning Cassette

Universal

CORNING

Corning Cable Systems Universal Connector Cleaning Cassette is designed for effective cleaning of all fiber optic connectors with an accessible ferrule including MTP®, MT-RJ and the Unicam® MT-RJ and MTP connectors. The cassette will work on pinned as well as pinless connectors and is the only cleaning cassette that will clean the pinned MT-RJ and MTP connectors. With three clearly marked zones for MT-RJ pinned, MTP connector pinned and pinless connectors, the pin clearance runner behind the cleaning strip allows the cleaning strip to fit between the connector pins. With the cleaning instructions permanently marked on the cassette, the compact size and disposable design make it an excellent cleaning solution.

Features and Benefits

Versatile

Works on both pinned and pinless connectors, both single- and multi-fiber

Cleaning instructions clearly marked on cassette

No need for extra paperwork

Part Number: CLEANER-UNIV-CASS
