

Indoor Dome Cameras

High-res, varifocal lens cameras

OVERVIEW

The TruVision™ Indoor Dome Camera provides outstanding video surveillance performance while offering a cost-effective security solution. Equipped with a varifocal lens and engineered for superior resolution, this camera delivers crisp, detailed images while being flexible enough to meet the demands of most indoor applications.

Small and lightweight, the TruVision indoor dome camera represents a strong value for users looking for reliable security in smaller venues. With a 600 TVL sensor and 2.6mm to 6.0 mm varifocal auto-iris lens, this camera is well-suited to secure a variety of applications including quick-service restaurants, retail and small business environments.

Specifications

Pickup Device	1/3" CCD sensor
Total Pixels (H x V)	NTSC: 811 x 508; PAL: 795 x 596
Effective Pixels (H x V)	NTSC: 768 x 494; PAL: 752 x 582
Resolution	600 TVL
Synchronization	Internal
Scanning Mode	2:1 Interface
S/N Ratio	>48 dB
Electronic Shutter	Auto 1/60 (1/50)
Min. Illumination	0.2 lux at f1.2
Video Output	1.0 Vp-p/75 ohm composite
Lens Type	2.6 to 6 mm Varifocal lens
Power Source	12 VDC/24 VAC
Current	210 mA
Power Consumption	Max. 2.5 W
Operating Temperature	-10 to 50° C (14 to 122° F)
Weight	225 g (0.49 lb.)
