QuickPort® Recessed Flat Patch Panels

APPLICATION

QuickPort Recessed Flat Patch Panels are compatible with all QuickPort modules to maximize versatility with a variety of media applications and enable easy upgrades. Recessed Patch Panels are best used in applications where the back rail is positioned close to the rear doors, or in applications with minimal front depth, in front of the panel. Unique side supports allow patch cord management in front of or behind the back rails.

SPECIFICATION

Patch panels shall be made of 16-gauge steel and shall have a black-painted finish with numbers below each port. Screwless rear cable management bar shall be included. Panels shall be offered in 24-, 48-, and 72-port configurations. Panels shall be recessed from mounting plane to allow for proper bend radius of patch cords. Panels shall have the ability to allow for single port replacement of inoperative ports.

FEATURES

• Low profile provides more aisle space in closets
• Screwless rear cable management bar
• White, write-on blocks and port numbers for port identification

DESIGN CONSIDERATIONS

• Mounts on industry standard 19" equipment racks and cabinets
• Panel offered in 24-, 48-, and 72-port configurations
• Includes rear cable management bar

STANDARDS COMPLIANCE

ANSI/TIA-568-C.1
cULus Listed

PHYSICAL SPECIFICATIONS

Dimensions:	See page 2
Materials:	16-gauge steel
Mounting:	19" cabinet or equipment rack
Color:	Powder-coated black with white-silk screening

COUNTRY OF ORIGIN

USA
