MNTZ36C Ceiling Mount Bracket User's Manual

Compatible with Digimerge Camera Models: DPZ36W023 / DPZ36W030

Usage Cautions and Warnings

Please read through the User Manual and all safety instructions prior to use.

- All the safety and operating instructions should be read before installing. Follow
- Installation must be performed by a trained professional.
 Do not use the product with cameras other than the recommended models.
- . The mounting has to be installed onto a firm and stable location that can support the weight of the camera and mount. Ensure all parts are completely secured.
- . Do not use the product for other purposes

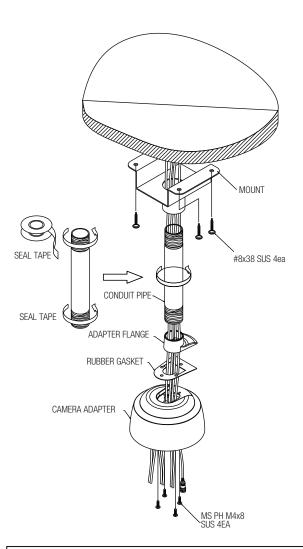

This product has been designed to be used in the installation of speed dome cameras. This product has been fabricated using strong, corrosion-free aluminum alloy material

Prior To Installation

Avoid installing the mounting onto an unstable structure such as a gyosum wall panel. Install the mounting onto a strong structure such as a concrete wall, steel beam, etc. Use concrete screws with plugs or other installation tools when installing the mount onto a concrete structure. Make sure that all the screw parts are metallic.

Avoid screwing too close to the edge of a piece of wood when screwing into a wooden structure.

Installation

NOTE: Camera installation requires the M4x12 mounting screws supplied with the camera. Make sure the o-rings are attached to the mounting screws and dome cover torx screws to prevent water ingress.

Accessories

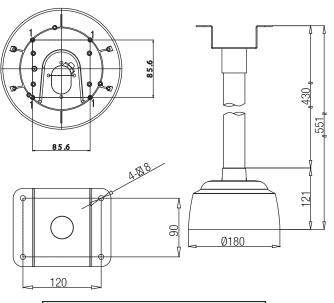

No	Part Name	Q'ty
1	SCREW 8x38 (SUS)	4
2	SCREW PH M4x8 (SUS)	4
3	RUBBER GASKET (SILICON)	1
4	SEAL TAPE (12mm)	1

- ① Drill holes in the surface for the cables and mount screws and run the cables through the cable hole.
- (2) Run the cables through the mount and attach the mount to the surface using the 8x38 screws (4ea).
