BROADCAST SOUND & SECURITY TILT PANEL MOUNT

The Tilt Panel Mount (TPM-818), designed for patch panels and network panels, makes installing deeper equipment possible. Mounting rails tilt down to 90 degrees for easy access to the back of the equipment. Also available is a security cover kit (the TPMC-818) which consists of a lift-off front panel and a top cover which can also serve as an equipment shelf.

Part No.

BS2-TPM-818
BS2-TPMC-818
