

EMERGENCY PHONE MOUNTS

ETP-SML Lighted Surface Mounting Accessory Instructions

Model **ETP-SML** is a lighted, hooded surface mounting accessory for mounting 400-Series flush mounting emergency/assistance phones. Each mount includes a pre-installed light assembly, a silk-screened polycarbonate sign and 6 #10-24 pan head tamperproof screws for mounting the phone.

The pre-installed LED light board assembly operates on 24VAC/DC up to 120VAC and is not polarity sensitive.

For your convenience, a grounding screw is located in the lower right back inside corner. This should be connected to earth ground. The green wire from your emergency phone should also be connected to this screw.

A poll mounting kit for strapping the mounting accessory to a poll is available as model **ETP-PMKT**. The strapping tool for this kit is model **ETP-PMKT-TOOL**.
