

PCN8

Features

- Protects from power spikes and surges
- RFI/EMI interference filter
- 8 AC switched outlets on rear panel and one unswitched AC outlet on front panel
- Circuit breaker
- Dual retractable rack illuminators
- Front panel LED meter displays incoming AC line voltage
- Built-in power cord

Specifications

Current Rating	15A
Operating Voltage.....	90 – 140VAC
Overvoltage Shutdown	140VAC
Spike Protection Modes.....	Line to neutral, zero ground leakage
Response Time.....	1 nanosecond
Maximum Surge Current	6,500A
Dimensions.....	1.75" (H) x 19" (W) x 7.5" (D)

rear panel
