

P.A. Amplifiers

PBM60A	60W RMS P.A. Amplifier
PBM120A	120W RMS P.A. Amplifier
PBM60AT	60W RMS P.A. Amplifier with AM/FM Tuner
PBM120AT	120W RMS P.A. Amplifier with AM/FM Tuner
PBM60AU	60W RMS P.A. Amplifier with Tuner, CD, and USB
PBM120AU	120W RMS P.A. Amplifier with Tuner, CD, and USB

Features

The PBM-A series represents Speco Technologies' next generation of commercial public address amplifiers.

We have taken our customers input and created the perfect amplifier for almost any application. In addition to the great features you've come to expect in a Speco Technologies' amplifier, the PBM-A series has ample inputs, an included IR-remote control, an RS232 input for integration with control systems, front panel locking capability, and includes all rack-mounting hardware. With a stylish appearance and all these additional features at a price similar to previous generation amplifiers, the PBM-A series is sure to become your go-to amplifier.
