

IS-DVF-HID-I

Stainless Steel Flush Mount Video Door Station with HID® iCLASS Reader

DESCRIPTION:

The IS-DVF-HID-I is a video door station for the IS system, with a built-in HID® iCLASS card reader.

The video door station can be connected via CAT-5e/CAT-6 wire to the following IS exchange units: IS-CCU, IS-SCU. Maximum distance from the door station to the exchange unit is 980'.

Wiring and power for the card reader are separate from the intercom wiring. The card reader is to be connected to a host controller of any type that is compatible with the HID® iCLASS R10 (Rev. C) smart card reader.

FEATURES:

- Video door station for IS System
- Stainless steel faceplate
- Directory strip
- HID® iCLASS R10 (Rev. C) smart card reader built-in
- Tamper resistant screws
