

Swarfega® Black Box

Heavy duty paintshop hand cleaning wipes.

Features & Benefits

Highly Effective - Impregnated with an advanced hi-tech formulation liquid that includes dibasic ester to quickly and safely remove synthetic, 2 pack and cellulose paint, base coats and lacquers, body fillers, adhesives and sealants, plus most other refinishing soilings.

Convenient - The handy, easy to use tub can be kept at the work point and can be used throughout the day with no need for water.

Conditioning - Contains glycerin; a highly effective moisturiser which leaves the skin feeling conditioned after use.

Hygienic - Stored in a sealed container to protect from contamination and ensure each wipe is fresh when used.

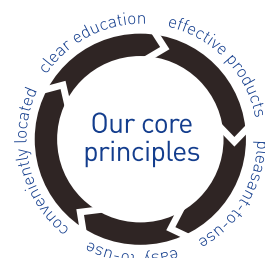

Safe - Regular use will prevent paintshop soilings curing to the skin; the kind alternative to thinners or hand cleaners that contain harsh substances or abrasives like pumice.

Powerful - Tough, extra large wipes which are strong and absorbent, acting quickly and effectively leaving no sticky after-feel.

Perfumed - Pleasant citrus smell leaves the skin smelling fresh after use.
