

17A00-1

Omni Security Systems

Brand Features

Omni Wired Accessories allow the Omni security & automation system to expand beyond just a security system. Add hard-wired controls for control of temperatures, lighting, and more. Even give your home a "voice" with the two-way voice module. Receive auditory confirmation when a door has opened or a reminder that it's trash night.

Item Description

Lumina Pro / OmniPro II Expansion Enclosure.

UPC Code: 87225700015

Country of Origin: Please Contact Customer Service

Features and Benefits

- Adds sixteen voltage outputs for control and sixteen inputs for additional security/fire zones, auxiliary or temperature inputs
- Can be mounted up to 1000 feet from the main controller and has its own power supply and battery. It reduces wiring use in larger installations
- It is commonly used for sprinkler systems, control of pumps, motors, remote control circuit breakers, and additional security/fire zones
- Up to eight Expansion Enclosures can be used in conjunction with the OmniPro II or Lumina Pro automation controllers. Optional Model 19A00-1 8-Relay Module and Model 10A07-1 4-Relay Module mount in the enclosure
- It comes with a lock set with two keys
