

35A00-3

Brand Features

Lighting control can enhance the enjoyment and value of your home, add security for peace of mind, and contribute to savings on your energy bill. With Leviton Lighting Control (HLC) you can experience all of the benefits of a sophisticated lighting control system that is affordable and retrofittable. The HLC product line includes dimmers, switches, remote controls, and plug-in modules. HLC is a modular system, so you can easily add rooms or lights anytime, updating as your needs change. For retrofits or expansion, simply replace the existing light switch with a Leviton "smart" switch as communication occurs over the existing powerline. Save money and energy with HLC. The Home Lighting Control Alliance says that dimming your lights by 25% saves 20% of the energy used and extends bulb life by 10 times. Dimming your lights by 50% saves 40% in energy and extends bulb life by 20 times. Leviton systems can automatically set lights to any percentage, saving you money every time a light is turned on. Leviton HLC can be used with or without a Leviton home control system. When HLC is used in conjunction with a Leviton home control system, lights can be scheduled by sunrise/sunset, motion, or event. Additionally, lights can be controlled via remote control, telephone, smartphone, internet, touchscreen, or TV. Wallplate not included. If required, the 600W Non-Dimming Switch may be changed to a dimming switch in the field. 35A00-3 features automatic timeout (when enabled).

Item Description

600W UPB™ Non-Dimming Switch, White.

UPC Code: 87225700173

Country of Origin: Please Contact Customer Service

Features and Benefits

- Used for controlling non-dimming loads, such as fluorescent lights
- Switches feature true rocker action. Press and hold to brighten or dim. Press up to turn on. Press down to turn off
- LED indicator lights at the top of the switches can be programmed to glow blue, red, magenta, or turned off entirely
- Can be used in new or existing homes that have standard electrical wiring. Uses standard Decora wallplate (not included)
