Wallplates and Housings

Brand Features

Angled single-gang wallplates accept QuickPort snap-in modules to support multimedia applications with either 1, 2, or 4 ports. Use where designation windows in an economical single-gang flush-mount housing are desired. Available in four colors: white, ivory, light almond, and black (4-port only).

Item Description

Angled Single-Gang QuickPort Wallplate with ID Windows, 4-Port, White

Features and Benefits

- Angled ports facilitate optimal cable management, ensuring proper bend radius compliance in front and back of connector
- Includes ID designation windows for each wallplate
- Fits within minimum rectangular NEMA openings
- Compatible with all individual QuickPort UTP, fiber, and A/V modules
- Individual port configurability allows specification flexibility
- Narrow module width allows high port density in a small area
- Ideal for CAT 6A and fiber optic applications at the workstation
- Slotted mounting holes allow installers to level the plate if back box is crooked
- Recessed ports protect jack and patch cord plug

**Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
