Wallplates and Housings

Brand Features

Angled stainless-steel wallplates accept QuickPort snap-in modules to support multimedia applications in single- or dual-gang flush-mount housings. Angled ports facilitate optimal cable management, ensuring proper bend radius compliance in front and back of connectors. Double stainless-steel material stands up to the more demanding institutional, education, and healthcare environments.

Item Description

Angled Dual-Gang Stainless Steel QuickPort® Wallplate with ID Windows, 8-Port

Features and Benefits

- Angled ports ensure proper bend radius compliance in front and back of connector
- Recessed ports protect jack and patch cord plugs
- Stainless steel for enhanced durability
- Includes station ID designation windows
- Fits standard NEMA electrical boxes
- Compatible with all individual UTP, Fiber, and AV QuickPort modules
- Ideal for CAT 6A applications at the workstation

**Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
