

47611-8GB

Internet Routers and Switches

Brand Features

Professional-grade Gigabit Switches connect computers and peripheral devices in remote locations throughout the home or small office. The switches offer plug-and-play installation and a user-friendly design, featuring LEDs to indicate Power, Link/Activity, and 1000 Mbps. Additionally, each switch includes an auto-detect uplink to easily cascade additional hubs, switches, and routers from any port.

Item Description

8-port Gigabit Ethernet Switch

Features and Benefits

- Includes mounting brackets for easy installation in a Structured Media® enclosure
- Compact size saves space
- Offers on/off power button for energy savings and quick reset
- Includes LEDs to indicate Power, Link/Activity, and 1000 Mbps
- High-performance store-and-forward switching architecture
- Cascades additional switches, hubs, or routers from any port with auto-detect uplink design
