

4940L-VFR

Cable Management

Brand Features

The Versi-Duct Cable Management System uses slotted ducts to route cable. The system mounts onto an industry-standard equipment rack. Two vertical 40-inch ducts, or one 80-inch duct (comprised of two 40-inch ducts) span the full length of a standard seven-foot equipment rack. The horizontal and vertical slotted ducts come with cable concealing covers and an assortment of accessories.

Item Description

Vertical Front and Rear Cable Management, 5" channel x 40" Long. Black Snap-On Cover.

Features and Benefits

- Versatile solution for fiber/copper cable organization and management
- Front only and front/rear configurations

**Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
