Image Coming Soon

UPC Code: 87225700566

Country of Origin: Please Contact Customer Service

Features and Benefits

- Mounted on a custom structured wiring backplate, the Eight Port PoE Switch will provide power to up to seven OmniTouch 7 Touchscreens

- This switch is plugged into a power outlet and is connected by one network cable to the home or facility network

- Power Source Equipment (PSE) device that is fully compatible with IEEE 802.3af standard compliant devices

- Powers up to seven Leviton Security & Automation OmniTouch 7 Touchscreens (one port must be connected to the network)

- PoE ports can also power other powered devices (such as the Leviton Security & Automation HTX2, PoE IP cameras,

- PoE Wireless Access Points, etc.) without additional power wiring to the device

- Each PoE port can provide 15.4 watts of power and 10/100M data transmission through traditional CAT-5 cable to the Powered Device
