

95A00-1

Home Audio

Brand Features

The Hi-Fi 2 is a compact and powerful eight source, eight zone (expandable to sixteen zones) distributed audio system that utilizes built-in speakers for a truly sleek installation. With a free iOS app for selecting music and controlling volume, plus optional Bluetooth connectivity (utilizing part number 95A04-2), the revolutionary Hi-Fi 2 lets you share streaming or stored music from devices you already own. Installation is simple, with volume source controls and remote input modules connected via Cat5e cable, homerun to the distribution/amplification module that can mount in a Leviton Structured Media Center.

The Hi-Fi 2 can also be incorporated into a larger Leviton automation system, facilitating music coordination based on time or activity. For instance, automatically turn off all audio zones at bedtime, or awake each morning to your favorite station.

Item Description

Hi-Fi 2 8 Zone, 8 Source Distributed Audio System in Enclosure.

Features and Benefits

- Built-in system utilizes in-ceiling and in-wall speakers for a clean and simple installation
- Free iOS app lets you control volume and audio source in every area
