BOSCH

Invented for life

- Uniquely coded arm and disarm buttons
- Panic alarm
- LED indicator
- Operational up to 5 years using two user replaceable CR2025 Lithium Batteries

RADION wireless from Bosch provides the range, scalability and exceptional battery life required to ensure reliable performance and superior quality. Advanced diagnostics and multiple device enrollment options make installation and maintenance simple and cost effective. With a complete line of peripherals, RADION provides the flexibility for virtually any application requirement.

System overview

The RADION keyfob can arm and disarm the security system or send a panic alarm. Programmed with a unique code to work exclusively with your compatible control panel.

Functions

Panic Alarm

Each model can send a panic code to your monitoring company if your security system is programmed to do so. Press both buttons simultaneously for two seconds to send a panic alarm.

LED Indicator

The LED flashes to indicate a signal was sent to your security system.
