

SSP-373-D SPECIFICATIONS

STAINLESS STEEL PANEL HANDSET PHONE WITH AUTODIAL AND SMART FEATURES

Reliable stainless steel panel telephone for recessed mount or slant mount installation. Telephone will automatically dial a preprogrammed number when the handset is lifted. Programmable to dial a number from 1-25 digits, optional PBX, prefix, or access dialing capability, and incoming call block. Equipped with a sealed magnetic hookswitch and industrial strength 5 foot magnetic coiled cord handset. The phone can be mounted in our optional (371-011) mounting box and (371-012) frame for easy installation or may be installed in your custom designed enclosure.
