

AXIS P5514 PTZ Dome Network Camera

Cost-effective indoor HDTV PTZ dome with 12x zoom

The easy-to-install AXIS P5514 is a compact, affordably priced pan/tilt/zoom camera suitable for surveillance of areas such as stores, banks, hotels, warehouses and business premises. AXIS P5514 enables users to pan 360° for overview surveillance and zoom 12x with autofocus for detailed views. HDTV 720p and day/night ensures image quality is maintained even in low light conditions. The camera provides up to 720p (1280x720) resolution at 50/60 fps frame rate, and offers H.264 and Motion JPEG streams. When an optional multi-connector cable is used, AXIS P5514 supports two-way audio, audio detection, I/O ports for external devices and AC/DC power. The camera is IP51 rated, which ensures protection against dust and dripping water, and allows it to operate even when a sprinkler system is activated. The SD/SDHC slot enables recordings to be stored locally.

- > 360° pan with Auto-flip
- > 12x optical zoom
- > HDTV 720p resolution
- > IP-rated protection against dust and water
- > Easy installation including Power over Ethernet (IEEE 802.3af)
