

Air Guard Brush Cable Grommet, Cover

OR-BCGFMC3X9

Air Guard Brush Cable Grommet, cover fits over the flush mount brush cable grommet to provide a solid surface for increased durability and safety when cables are not going through the floor.

features & benefits

Brush cable grommets help to prevent air loss in plenum cooled floors when access holes are required for cable routing through the floor.

- Provides an exceptional seal around cables for an effective and economical solution towards eliminating bypass air through cable cutouts.
- Provides an energy savings benefit by reducing cool air loss while improving the static pressure to cool data center equipment.
- Helps prevent network equipment from overheating.
- Seals cable openings with an overlapping brush and/or EPDM gaskets to help prevent under-floor contamination.
- Floor tiles can be removed without disconnecting equipment.
- Flame retardant ABS polycarbonate material provides a finished look.
