

**A Series** 2U Hybrid Camera Server

## exacqVision<sup>®</sup>

## exacqVision A-Series 2U Hybrid Camera Server

Compact, Reliable, Energy Efficient Hybrid Server

- **True Hybrid** Seamlessly integrate your existing analog and IP cameras from all of the leading camera vendors onto one server for centralized management. Includes up to 64 IP cameras per server and 64 analog inputs with 8 IP channels.
- 8 IP Camera Licenses Included Cost-effective solution providing complete control for multiple servers simultaneously. Add additional IP licenses for a low cost.
- **Pre-Configured with Intuitive exacqVision Software** Powerful yet easy-to-use exacqVision VMS client interface operates on Windows, Linux and Macintosh
- Windows or Ubuntu Linux Operating Systems on Solid-State Drive Pre-installed to operate on a separate, highly reliable solid-state drive for immediate plug-and-play operation
- Intel Core Family Processor on Board Provides the highest performance with little power consumption and heat generation
- 3-Year Hardware Warranty, 3-Year Software Subscription Agreement Receive quarterly software updates for all the latest advancements as they are released along with access to technical support. IP Camera licenses never expire.
- **Included Mobile App** Manage and monitor video remotely at any time by downloading the exacq mobile app for iPhone, iPad and Android devices.

## **TECHNICAL SPECIFICATIONS**
