

EASY TO USE

2-DRIVE NETWORK STORAGE

LinkStation™ Duo offers instant storage expansion and file access on your home network and over the Internet. Plug it into any network Ethernet port or into the back of your wireless router and access it on any networked device in your house. Equipped with LinkStation Duo is a built-in BitTorrent™ client, a DLNA Certified™ media server and an iTunes® server for effort-free downloading and streaming your favorite movies, photos, music and more. Your data remains securely stored in one place on your home network, but you can access it quickly from any computer, tablet or smartphone device.

FEATURES

SECURE CENTRAL STORAGE

With terabytes of storage, LinkStation Duo provides a reliable, central location to store and protect all data from every PC and Mac® computer, tablet device and smartphone in your home or small office. Store, access and share files from anywhere over your wireless network at speeds up to twice as fast as a standard USB hard drive.

AUTOMATIC DATA PROTECTION

LinkStation Duo features two hard drives and support for RAID 0/1 for maximum capacity or redundant data protection.

- RAID 0 combines all drives into a single array
- RAID 1 automatically creates an exact copy of your data on the second hard drive

STREAM YOUR FAVORITE MEDIA

LinkStation Duo is DLNA Certified, supports Squeezebox and can be used as an iTunes server to stream all of your favorite music, movies and shows to multiple devices simultaneously. Now you can relax and watch movies on your big screen TV while music is pumped outdoors by the pool.

EASY SCHEDULED BACKUP

LinkStation Duo features NovaBACKUP® Professional for Windows® and Time Machine® support for Mac for whole home data backup. Disaster and hard drive failures happen unexpectedly; don't leave your important files and treasured memories in the hands of chance. Schedule backups for every computer in your house and easily protect all of your data, down to the very last byte.

FREE PERSONAL CLOUD SERVICE

Buffalo's free WebAccess service allows you to create a personal cloud for easy remote access and file sharing with anyone, anywhere over the Internet. Your data remains securely stored in one place on your home network, but you can access it quickly from any computer, tablet or smartphone device over the Web.

For enhanced access on the go, download Buffalo's free WebAccess mobile apps.
