

EASY TO USE 1-DRIVE NETWORK STORAGE

LinkStation LiveTM is an easy to use 1-drive network storage device that comes equipped with a whole host of features, perfect for storing, sharing, serving and protecting your most important data. Equipped with LinkStation Live is a built-in BitTorrentTM, DLNA CertifiedTM media server and an iTunes[®] server, taking effort out of downloading and streaming your favorite movies, photos and music to any network connected media player, gaming console, TV and more in your home. Backup multiple PCs and Mac[®] computers simultaneously and enjoy uninterrupted access to terabytes of storage on your network and even over the Internet while away home.

FEATURES

SECURE CENTRAL STORAGE

With terabytes of storage, LinkStation Live provides a reliable, central location to store and protect all data from every PC and Mac[®] computer, tablet device and smartphone in your home or small office. Store, access and share files from anywhere over your wireless network at speeds up to twice as fast as a standard USB hard drive.

STREAM YOUR FAVORITE MEDIA

LinkStation Live is DLNA Certified and can be used as an iTunes server to stream all of your favorite music, movies and shows to multiple devices simultaneously. Now you can relax and watch movies on your big screen TV while music is pumped outdoors by the pool. Centralize your media files for simple sharing and streaming.

EASY SCHEDULED BACKUP

LinkStation Live features NovaBACKUP[®] Professional for Windows[®] and Time Machine[®] support for Mac for whole home data backup. Disaster and hard drive failures happen unexpectedly. Don't leave your important files and treasured memories in the hands of chance. Schedule backups for every computer in your house and easily protect all of your data, down to the very last byte.
