

2-Port Compact PS/2 KVM Switch w/Audio and Cable

MODEL NUMBER: **B004-VPA2-K-R**

Description

The B004-VPA2-K-R is a 2-port Compact PS/2 KVM Switch with optional audio and microphone switching function. It allows you to access, control, boot and reboot two PS/2-enabled computers from a single console (keyboard, monitor and mouse). The independent audio/mic switching function allows an uninterrupted audio experience - you can continue listening to audio even when you switch to the other computer. Compatible with all major operating systems.

Features

- Fast, easy switching via keyboard hot keys or push buttons
- Plug-and-play setup - no software required
- Hot-swap capability allows easy addition or removal of computers without powering down the switch or other computers
- Speaker and microphone connections allow sharing of audio components between systems (standard 3.5 mm audio connections)
- Independent audio switching allows you to listen to audio from one computer while switching to the other computer
- Supports video resolutions up to 2048 x 1536 (standard 15-pin VGA connectors)
- Supports Microsoft® IntelliMouse® and the scrolling wheel on most mice
- Compact design saves desk space
- Does not require an AC adapter
- Compatible with all major operating systems
- Includes two, 6ft Cable Kits

Specifications

Highlights

- Fast, easy switching via keyboard hot keys or push buttons
- Allows sharing of audio components between systems; listen to music from one computer while accessing another
