

# Fiber Outlet Box (FOB2)

Siemon's low-profile Fiber Outlet Box (FOB) is the optimal solution for bringing fiber to the desk. The FOB2 offers a well-defined method for managing fiber cabling at the work area by providing a connection point for up to 12 fibers (or 6 coaxial) connectors utilizing slide-in bezels. A single gang faceplate can be mounted to the FOB2 base and accommodate up to six MAX® modules or two CT® Couplers

**PATENTED**

**WORK AREA**

# ORDERING INFORMATION
