

STI EXIT SIGN DAMAGE STOPPER®

STI-9640

PRODUCT OVERVIEW

Wherever exit signs are at risk from either intentional or accidental damage, installation of our super tough wire guard is the solution to the problem. Two sizes available to cover a wide range of exit sign models available today. Installation is simple with anchors and screws provided.

BACKED BY A THREE YEAR GUARANTEE

As all STI protective covers, this Stopper is backed by a three year guarantee against breakage in normal use. It is constructed of 9-gauge, welded steel wire, coated with a tough, corrosion resistant polyester shell. To provide even greater protection against vandalism, tamper resistant screws and a matching bit are available.

KEY FEATURES

General Information

- Guards help protect exit signs against vandalism and accidental damage.
- Three year guarantee against breakage in normal use.

Design

- Guard may reduce projected light values. Verify correct exit light requirements when using guard (NFPA 101).

Construction

- Super tough construction of 9-gauge coated steel wire makes it extremely difficult to break.

Installation

- Fast and easy installation.
- Flexible mounting options with moveable mounting clamps.
- Simple removal for light bulb replacement.
- May be painted prior to installation.

Options

- Two sizes available to cover a wide range of exit signs.
- Tamper resistant hardware is available.
