

EATON®
5S 1500

Eaton 5S UPS

The energy-efficient UPS for desktops and workstations.

Eaton® 5S features and benefits:

Power management: Enhance your power protection capabilities and ensure safe system shutdown with the Eaton UPS Companion software. The 5S interface is auto-recognized when plugged into computers with Windows, Macintosh and Linux environments.

LCD display: Access critical UPS information including battery time and outage tracking in a single screen view with the user friendly LCD.

Data protection: Safeguard your work and data with the UPS Companion software by gracefully shutting down your equipment during power outages.

Eco-Control: Save up to 30 percent on energy consumption by shutting down non-essential peripherals when the computer is turned off.

Convenient form factor: Fit the 5S easily into tight spaces with its slim form factor. The versatile 5S can be used as a tower or as a desktop monitor stand.

Surge protection:

Provide surge protection for network phone lines, cable TV and satellite applications.

Battery health check:

Schedule daily, weekly or monthly health checks to verify battery performance and ensure that it delivers power during the next outage.

Eaton UPS Companion software:

The Eaton UPS Companion software provides safe system shutdown for small offices and residential users looking for an easy way to enhance the protection capabilities of their Eaton UPS. In addition, the Eaton UPS Companion provides energy usage and cost data, resulting in a better understanding of the power requirements of the protected equipment.

The main features of the UPS Companion software:

- Safe system shutdown
- Energy use and cost reporting
- Easy access to UPS status and events
- Configuration of UPS parameters
- Multiple language support
- Automatic software updates

Powering Business Worldwide

The 5S fits in small spaces and can also be used as a monitor stand.
