

HID LiteBox® Rechargeable Lantern

There is a real need to cut costs wherever possible, yet we cannot afford to forget about environmental issues. Streamlight rechargeable lighting tools make good economic environmental sense. Over time they cost significantly less to operate; and they reduce the amount of batteries used, thereby relieving the problem of battery disposal. With Streamlight rechargeable flashlights, your plant will not only save on the cost of batteries, you'll save the time that's wasted when you discover your light isn't working and the steps involved in getting and replacing batteries. More powerful and more economical, Streamlight rechargeable lighting tools pack a lot of power, are very dependable and cost-efficient.

The HID LiteBox has the intensity and peripheral illumination to light an entire scene. A 90° swivel neck design makes it ideal for field maintenance, inspection of construction sites and remote equipment, it's a heavy-duty, rechargeable, completely portable high-intensity search that does it all.

When you're working a scene, the last thing you want to worry about is running out of light. Plug the HID LiteBox into your vehicle's DC power source and it will run indefinitely. It's still portable, so if you need to relocate, simply disconnect the power cord and carry it with you to light your way.

Case Material: High-impact ABS thermoplastic housing. Rubberized impact bumper, lens ring and cushioned-grip handle.

Weight/ Dimensions: Weight: 10.1 lbs (4.6 kg)* Length: 14.9 in. (38 cm) Body Width: 5.1 in. (13 cm)
Overall Height: 8.8 in. (23 cm) Head Diameter: 7.7 in. (20 cm)

Light Source: 35W High Intensity Discharge xenon lamp w/ 2000 hr minimum lifetime.

Light Output: 3350 lumens; 1,000,000 candela peak beam intensity

35 Watt High Intensity Discharge Xenon lamp in a deep-dish parabolic reflector produces a long range high intensity beam with optimum peripheral illumination for scene lighting. Fully articulating head can be aimed precisely at target.

Battery/Run Time: Zero-maintenance 12V, 7.2Ah sealed lead acid operates the H.I.D. lamp up to 1.75 hours per charge and is rechargeable up to 500 times using existing Litebox® system charge racks. Red and green LEDs provide charge status feedback. 10 Hour charge to 90% battery capacity with continuous trickle charge to maximize battery capacity. HID LiteBox battery will continue to charge while operating directly from an external 12V DC power source when using the remote cord

Models: Standard System - International safety orange or black; includes shoulder strap; AC and DC chargers and charge rack; includes 10ft (3 meter) 12V DC power cord and flood lens. Ideal for field maintenance, inspection of construction sites, and remote equipment.

Vehicle Mount System - International safety orange; includes vehicle-mountable hard-wire rack, 10ft (3 meter) 12V DC power cord, shoulder carrying strap and flood lens.

Approvals**: Most models meet applicable European Community Directives.
Rack meets requirements of NFPA 1901-12-1.7 mounted in any position.

Warranty: Streamlight warrants this product to be free of defects for a lifetime of use except for batteries and bulbs, abuse and normal wear. We will repair, replace or refund the purchase price of this product should we determine it to be defective. This limited lifetime warranty also excludes rechargeable batteries, chargers, switches and electronics which have a 2 year warranty with proof of purchase. THIS IS THE ONLY WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES ARE EXPRESSLY DISCLAIMED EXCEPT WHERE SUCH LIMITATION IS PROHIBITED BY LAW. You may have other specific legal rights which vary by jurisdiction.

- Optional Accessories:
- 100V, 120V, or 240V AC (home) and 12V DC (automobile) charger cords.
 - Hands-free shoulder strap (included in Standard & Vehicle Mount models)
 - Locking charge rack
 - I/R filter, flood lens, bulb kit
 - Quick release shoulder/waist strap
