

## Model 1042-AP225 Recessed Ceiling WAP Install Kit- Old construction

Category: Wall and Hard Ceiling - Recess Mount

Model 1042 provides the simplest way to recess WAPs into the ceiling for an aesthetic, professional installation. A cutout is made in the ceiling and the back-box is fastened to the ceiling (remodel). The WAP fastens to the WAP-specific trim, and the trim to the back-box. The WAP is recessed into the ceiling much like a recessed light fixture. Access point trim can be easily swapped for new trim if the WAP brand or model changes in the future. See specs for AP-specific model names.

*Patent pending*

Firestop Grommet

Isometric View

### Features & Benefits

- Conveniently and quickly install wireless access points in hard ceiling environments
- White, powder-coated, beveled access point trim provides a professional finish

### Technical Specifications

- Design: Economical, recessed hard ceiling or wall installation kit designed for wireless access points with integrated antennas. Access point mounts in interchangeable bracket and trim, providing a professional finish. For pre-existing ceilings and walls (remodeling or old construction). Designed for Aruba AP225 APs.
- Performance: UL Listed for low-voltage applications, and designed to meet NEC300-22 and 300-23 for plenum installations.
- Access point bracket and trim is interchangeable for other access points, without removing back-box
- Firestop grommet for insertion into back-box, large enough for 2 Cat6A cables
- 1" trade size knockouts in two walls
- Swivel fasteners secure enclosure into pre-existing hard ceiling/wall
- Construction: 20 ga. galvanized steel back-box, and white, powder-coated 20 ga. steel trim; solid back-box fills opening behind access point, creating an effective fire, smoke, and dust barrier to simplify ICRA compliance
- Maximum weight inside enclosure is 25 lbs.
- AP max. operating temperature should be de-rated by 10° C inside the enclosure
- Size: 14.67 inches by 14.67 inches by 3 inches (373 mm by 373 mm by 76mm); back-box is 11 inches by 11 inches x 3 inches

### Standards for Safety

- UL 2416, Audio/Video, Information and Communication Technology Equipment Cabinet, Enclosure & Rack Systems
- CSA C22.2 NO. 60950-1-07 + Amd. 1 Amd. 2 Information Technology Equipment -- Safety. Part 1, General Requirements

## Configurations

Please specify WAP-specific trim. For other access points, please contact your Oberon representative.

Model Number	Description & Compatibility	Retrofit trim P/N
1042-AP205	Front attach trim for Aruba Networks AP205	37-4X-AP205-F
1042-AP215	Front attach trim for Aruba Networks AP215	37-4X-AP215-F
1042-AP225	Front attach trim for Aruba Networks AP225	37-4X-AP225-F
1042-AP325	Front attach trim for Aruba Networks AP325	37-4X-AP325-F
1042-CCOAP	Front attach trim for Cisco Enterprise APs	37-4X-CCOAP-F

For new construction, refer to Model 1043.

## Measurements *(Maximum values):*

- Height: 3 in.
- Width: 11 in.
- Depth: 11 in.
- Item Weight: 5 lbs.
- Shipping Weight: 6 lbs.

## Includes

- (1) Unit
- (2) Wall/ceiling bridge
- (4) #6-32 X 1/2" screw
- (2) #8-32 wing nut
- (2) 5/16" Lock washer
- (2) Wire tie
- (1) Trim
- (1) T-bar clip
- (1) 1" Conduit fitting with nut
- (1) Firestop grommet
- (1) Support wire
- (1) Installation instructions
