

## Model 33-WAP-COVER

### Indoor WAP Vanity Cover- Black ABS

Category: WAP Vanity Covers

Customize the appearance of the popular Cisco wireless access points with Oberon's 33-WAP-COVER. The vanity cover is made from a plastic transparent to wireless signals, and can be attached directly to the Cisco enterprise WAPs. The 33-WAP-COVER is paintable so you can customize the color of the WAP to partially conceal the access point or compliment interior color schemes. Coloring the vanity cover does not void the manufacturer's warranty. Includes cover fasteners. Shown with Model 1008.

Isometric View

## Features & Benefits

- Vanity cover for Cisco and other enterprise wireless access points
- The vanity cover is virtually transparent to access point wireless signals
- Attaches to access point with mushroom head fasteners (included)
- Vanity covers are paintable using an enamel spray paint such as Krylon (do not use oil based paint or metallic paint) and the surface does not need to be treated

## Technical Specifications

- Design: Attachable, paintable, black plastic vanity cover. Conceal access point in open ceiling environments. Suitable for most vendors' access points and antennas.
- Includes adhesive fasteners to attach cover to AP
- Construction: Black UL94-5VA ABS plastic; transparent to wireless signal.
- Size: 8.8 inches by 8.8 inches by 2.1 inches (224mm by 224mm by 53mm)
