

## Model 39-CORD-GRIP

### Cord Grip Connector for Field-Terminated Cables

Category: Cabling Accessories

Cord Grip Connector Option - For field termination. The polyamide cable gland with split seal A-type clamping design is mounted through a knockout hole or cutout in an enclosure, and provides a watertight seal for pre-terminated Ethernet cable pass-through. The connector is strain relieving, even after tightening, and supports larger CAT 6a cable diameters.

### Specifications

- Hand tightens - no tools needed for assembly
- Segmented chuck provides high mechanical pullout performance - will not cut or damage cord jacket
- Corrosion and weather resistant plastic is excellent for outdoor/indoor use
- UL listed
