Heavy-Duty Power Cord for PDU, 15A, 12 AWG (IEC-320-C13 to IEC-320-C20), 3 ft. (1 m)

MODEL NUMBER: **P032-003**

Highlights

- Boasts C13 and C20 connectors
- Features three 12 AWG conductors
- 100–250V range
- UL-listed for optimal product safety
- Long-lasting molded connectors

Package Includes

- P032-003 Heavy-Duty C13-to-C20 Power Cord, 3 ft. (1 m)

Description

The 3-foot (1-meter) P032-003 Heavy-Duty C13-to-C20 Power Cord is perfectly suited for connecting high-output computers, servers and other network devices that require heavier-gauge cabling to a PDU, UPS or other compatible AC source. The UL-listed P032-003 features a female C13 coupler on one end and a male C20 plug on the other. The SJT cord has three 12 AWG conductors and is rated at 15A. Its molded connectors are designed to work reliably for a long time.

Features

Connects Devices to PDUs with C19 Power Outlet

- Ideal for connecting high-output computers, servers and other network devices that require heavier-gauge cabling to a PDU or UPS with C19 outlet
- Boasts C13 and C20 connectors
- UL listed for optimal product safety
- Voltage range: 100–250V
- Features three 12 AWG conductors
- Rated 15A for cooler operation
- Long-lasting molded connectors provide reliable service
- 3 ft. (1 m) long
