MODERN STYLE ON-THE-GO

Meet the first headset designed for Unified Communications that's as discreet as it is professionally sound. Providing a choice of mono or stereo audio options and wearing styles, a durable protective carrying case, and the superior audio quality you've come to expect from Plantronics — the Blackwire 435 has the perfect balance of style, sound, and flexibility.

DISCREET, PORTABLE DESIGN

- Its modular design gives end users a choice of mono or hi-fi stereo audio options and wearing styles
- Low profile design is ideal for video conferencing, PC telephony, and other multimedia applications
- Durable, portable design easily tucks into travel case, ideal for professionals on-the-go

SIMPLICITY AND OUTSTANDING AUDIO QUALITY

- Answer/end/mute controls simplify call management while inline indicator lights show call or mute status
- Noise-canceling microphone reduces background noise
- Wideband delivers heightened speech clarity, providing the best possible PC audio quality
- Dynamic EQ feature optimizes your voice quality when on calls and automatically adjusts the EQ settings when you're listening to music or want high quality sound for multi-media playback
- Enhanced digital signal processing (DSP) provides more natural sounding voice
