

Material Safety Data Sheet

SPILKLEEN MAINTENANCE SOCKS & CUSHIONS

- | | |
|--|---|
| <p>1. Identification
Manufacturer: Fosse Ltd/Fosse Liquitrol.
Address: Whetstone Magna, Lutterworth Rd.,
Whetstone, Leics. LS8 3NB.
Telephone: 0843 2211 960
Fax: 0843 2211 961</p> <p>2. Physical properties

Grey nylon and polyester fabric, filled with cellulose fibre.

Unlikely to cause any harmful effects when handled correctly and used as an absorbent.

Colour: Grey with Black Print Blue/White
Odour: None
Use: Fluid absorbent.</p> <p>3. Hazardous Identification
Not regarded as health hazard under current legislation</p> <p>4. Composition
Hazardous Ingredients: None
Nature of hazard: None</p> <p>5. Stability/Reactivity
Hazardous reactions: None
Incompatible with strong acids, strong alkalis, strong oxidisers and other highly aggressive liquids.</p> <p>6. Storage and handling
Storage: stored in dry conditions

Handling: N/A</p> <p>7. Transport Information
Not considered hazardous for any type of transport.</p> <p>8. Exposure controls/Personal Protection
Occupational Exposure standard (OES)
Does not apply
Protective Equipment: N/A</p> <p>9. Spillage/Accidental Release
If fill material is released from fabric, Sweep up and discard</p> <p>10. Waste Disposal
Dispose with normal solid waste, or in Accordance with local or national legislation as appropriate.</p> | <p>11. First Aid Measures
Skin contact: None
Eye contact: Irrigate eye with eyewash solution or clean water. Seek medical attention.

Ingestion: Unlikely to be required but if necessary, treat Symptomatically. Seek medical attention</p> <p>12. Fire and Explosion
Will burn when exposed to open flame and incandescent heat.
Hazardous products of combustion: Carbon Dioxide, Carbon Monoxide and Smoke
Extinguishing Media: Water, Carbon Dioxide or dry Chemical</p> <p>13. Health and Toxic Data
Polyester outer is non-toxic.
Cellulose absorbent fill:
Skin contact - No evidence of irritant effects from normal handling.
Eye contact - May cause irritation
Long Term - No long term test data.

Exposure - Prolonged or repeated exposure to the fill material may cause skin irritation.</p> <p>14. Environmental Information
Environmental fate and distribution:

Dispose of according to local bye-laws and regulations Persistence and digression:</p> <p>15. Regulatory information
User: Not classified as hazardous to users.
Transport: Not classified as hazardous transport.</p> <p>16. Other information
For other technical information, contact the address in section 1.</p> |

Material Safety Data Sheet

SPILKLEEN OIL & FUEL SOCKS & CUSHIONS

1. **Identification**
Manufacturer: **Fosse Liquitrol Ltd.**
Address: Whetstone Magna, Lutterworth Rd.,
Whetstone, Leics. LS8 3NB.
Telephone: 0843 2211 960
Fax: 0843 2211 961
2. **Physical properties**
Polyester spunbond fabric, filled with Polypropylene fibre. Unlikely to cause harmful effects when handled correctly and used as an absorbent.

Colour: White/Black print

Odour: None
Use: Fluid absorbent.
3. **Hazardous Identification**
Not regarded as health hazard under current legislation
4. **Composition**
Hazardous Ingredients: None
Nature of hazard: None
5. **Stability/Reactivity**
Hazardous reactions: None
Incompatible with strong acids, strong alkalis, strong oxidisers and other highly aggressive liquids.
6. **Storage and handling**
Storage: stored in dry conditions
.
Handling: N/A
7. **Transport Information**
Not considered hazardous for any type of transport.
8. **Exposure controls/Personal Protection**
Occupational Exposure standard (OES)
Does not apply
Protective Equipment: N/A
9. **Spillage/Accidental Release**
If fill material is released from fabric, sweep up and discard
10. **Waste Disposal**
Dispose with normal solid waste, or in accordance with local or national legislation as appropriate.
.
11. **First Aid Measures**
Skin contact: None
Eye contact: Irrigate eye with eyewash solution or clean water.
Seek medical attention.

Ingestion: Unlikely to be required but if necessary, treat symptomatically.
Seek medical attention
12. **Fire and Explosion**
Will burn if exposed to open flame and incandescent heat.
Hazardous products of combustion: Carbon Dioxide, Carbon Monoxide and Smoke
Extinguishing Media: Water, Carbon Dioxide or dry Chemical
13. **Health and Toxic Data**
Polyester outer is non-toxic.
Polypropylene absorbent fill:
Skin contact - No evidence of irritant effects from normal handling.
Eye contact - May cause irritation
Long Term - No long term test data.

Exposure - Prolonged / repeated exposure to the fill material may cause irritation to the skin.
14. **Environmental Information**
Environmental fate and distribution:

Dispose of according to local bye-laws and regulations
Persistence and digression:
15. **Regulatory information**
User: Not classified as hazardous to users.
Transport: Not classified as hazardous transport.
16. **Other information**
For other technical information, contact the address in section 1.

Material Safety Data Sheet

SC-03-301: Spilchoice Loose Absorbent Granules: 'S-O-S'

Absorbent Products: OSOS6

1. **Identification**
Manufacturer: **Fosse Ltd/ Fosse Liquitrol.**
Address: Whetstone Magna, Lutterworth Rd.,
Whetstone, Leics. LE8 6NB.
Telephone: 0843 2211 960
Fax: 0843 2211 961
2. **Product Description**
Surface modified composite of clay and cellulose fibres.

Form: Mixture of granules and short fibres,
Surface modified

Colour: Off White
Odour: None
Use: Absorbent for mineral & hydrocarbon oils
Hydrophobic
3. **Summary**
Dry Composite of cellulose fibres and clay.
Unlikely to cause harmful effects when handled
correctly. Inhalation must be avoided.
4. **Physio Chemical Data**
Solids Content: >90% when packed
Kaolin: Approx 25
Cellulose: Approx 75
5. **Stability/Reactivity**
Hazardous reactions: When mixed with water can
produce very dilute form of methanol.
Forms a chemical bond with hydrocarbon and
Mineral oils.
6. **Storage**
The mineral should be stored in cool, dry
conditions; avoid sources of ignition.
7. **Handling**
The material is a surface treated mixture of
granules and fibrous powder, all handling should
avoid damaging bags and liberating into the air
8. **Personal Protection**
Wear suitable protective clothing, gloves, mouth,
nose, and eye protection
9. **Spillage/Accidental Release**
Sweep up and shovel away.
10. **Waste Disposal**
Dispose with normal solid waste, or in
accordance with local or national legislation
as appropriate.
11. **First Aid Measures**
Skin contact: Wash thoroughly with plenty of water
Eye contact: Irrigate eye with eyewash
solution or clean water.
Seek medical attention.
Ingestion: Unlikely to be required but if
necessary, treat
symptomatically.
Seek medical attention
12. **Fire and Explosion**
Avoid sources of ignition
Flash Point: 110°
Extinguishing Media: Water, Dry Powder or water mist
13. **Health and Toxic Data**
Skin Contact: Irritation of skin possible
Eye Contact: Particles may cause physical abrasion
Long term
Exposure : No long term test data is available
14. **Environmental Information**
Environmental fate and distribution:
Dispose of according to local bye-laws and regulations
Persistence and degradation
The cellulose element of the material biodegrades in a
wide range of microbially active environments.
15. **Regulatory information**
User: Not classified as hazardous to users
Transprot: Not classified as hazardous transport
16. **Other information**
For other technical information, contact the
address in section 1.
