

Description

Talkaphone's **KB-ML-5** is a durable, reliable solution for any 5-channel application where the Master does not need to talk hands-free.

Features

- Master presses one button to talk
- In non-private mode sub-stations speak hands-free, master can listen to any/all stations hands-free
- In private mode, master and sub-stations talk by pressing one button
- Built-in "All Call" control makes paging easy
- Completely self-contained—no separate junction box or amplifier
