

# CISCO AP SUSPENDED CEILING TILE **ENCLOSURE MOUNT**

The AccelTex Solutions Cisco AP suspended ceiling tile enclosure mount secures and protects a Cisco 3700 series AP with the Hyperlocation module and the Hyperlocation antenna within a ceiling tile grid. This enclosure mount fits in a standard 2x2 suspended ceiling tile grid opening and is the most convenient and secure method for AP mounting in a suspended ceiling environment.

Side Profile

Part Number: ATS-CT-CISCO2-2X2

### > FEATURES

- Universal Design Just replace the door when migrating to a new AP
- Door is easily removed and can be installed to open in any direction with our innovative spring hinge system
- AP installs onto an integrated mounting plate with no tools
- Key lock for security
- Includes integrated tabs for securing enclosure mount to permanent building structure
- Shallow back box (1.5") allows installation into the tightest ceiling clearances

#### > BENEFITS

- Easy to Install
- No ceiling tile grid modification necessary (if mounting into a 2'x2'grid)
- Service the AP without removing the enclosure mount from ceiling
- Lightweight aluminum design reduces ceiling strain and load
- Simple, one person installation
- Blends seamlessly into ceiling
- No tools required for installation

## > MOUNT SHIPS WITH

- 2x2 Suspended Ceiling Tile Enclosure Mount with installed Cisco2 Door Kit
- Cord Grip
- Key

Integrated mounting tabs on two sides
