

A black Plantronics T10 single-line headset telephone is shown against a dark blue background. The device has a standard 12-button numeric keypad with additional function buttons like 'FLASH', 'MUTE', 'REDIAL', and 'On/Off'. A large, flexible boom microphone is attached to the side of the handset. A black headband is shown above the handset, demonstrating its convertible design. A coiled cable with a 3.5mm audio jack is also visible.

Adjustable volume
and tone control allow
for superior sound

Headset can be configured
for over-the-head stability
or over-the-ear convenience

Noise-canceling
microphone filters out
background sounds for
heightened speech clarity

plantronics®

Complete single-line telephone with convertible headset

T10® Headset system

The T10 Single-Line Headset Telephone is a stand-alone headset system that includes the convertible headset and standard features such as redial, flash and mute.

T10®

The T10 Headset Telephone features a headset rather than a traditional telephone handset, making it ideal for telephone-intensive SOHO applications. The T10 Headset Telephone connects to a standard telephone jack.

T10 KEY FEATURES

- Telephone solution: Complete single-line telephone with headset.
- Increased comfort: Reduce the neck, shoulder and upper back discomfort that is associated with traditional handset telephone use.
- Convertible headset: Headset can be configured for over-the-head stability or over-the-ear convenience.
- Improved sound quality: Adjustable volume and tone control allow for superior sound.
- Easy installation: Connects to existing telephone jacks.
- Noise-canceling microphone filters out background sounds for heightened speech clarity.
- On-line indicator and headset stand included.
- Flash and redial.
- Ringer sound adjustment.
- Mute with indicator light.
- Warranty: One year for unsurpassed durability.
